At just 5 weeks, Bill and Kelli Norwood's new daughter, Ella Maree, was diagnosed with Neuroblastoma. She had surgery and the doctors are confident they were able to remove all of the tumor. However, insurance coverage is limited, and hospital bills are high.

Therefore, a benefit event is being held August 29, 2009 at Casner Ranch in Temecula, CA. The benefit will consist of a horse show, live auction of donated items and a BBQ dinner and drinks.
